

Welodrom (BGŻ Arena) - Pruszków

BGŻ Arena is one of the largest indoor velodromes in Poland. There are both national and international cycling competitions arranged in this building to meet the highest standards. This arena has been designed to provide training facilities also for other sports such as basketball, volleyball and parkour. BGŻ Arena is equally suitable for arranging various types of music concerts, fairs, exhibitions, festivals and other public events.

The Arena totals to 10 000 square meters and can hold a total of 3,000 spectators. The velodrome tracks are made of Siberian pine. All these features make the BGŻ Area one of the kind in the world.

The BGŻ Arena restaurant is located inside the building and the kitchen of the restaurant is equipped with the SYSTEM JEVEN hoods
